

Crown of Creation

**The Crown of Creation
This stupid sensation
Just feeding their hearts with more greed
Human temptation
Born out of confusion
Our world is drowning full speed**

Ripping, destroying, devastating the planet
Is that the way we have been told
Lying, betraying and killing each other
That weren't the words of our lord

First come, first served,
Survival of the sickest,
Take more, heap all
World belongs to the quickest
Go on, go on, if you wanna
Loose your soul
Make no compromise,
If that's your favored goal

**The Crown of Creation
This stupid sensation
Just feeding their hearts with more greed
Human temptation
Born out of confusion
Our world is drowning full speed**

Global leaders with unholy power
Are celebrating hypocrisy
Blinding the masses and oppressing minorities
The bastards believe in these keys

First come, first served,
Survival of the sickest,
Take more, heap all
World belongs to the quickest
Go on, go on, if you wanna
Loose your soul
Make no compromise,
If that's your favored goal

**The Crown of Creation
This stupid sensation
Just feeding their hearts with more greed
Human temptation
Born out of confusion
Our world is drowning full speed**
