

Experience

When I met you - Love at first sight
Your strong temptation - I nearly died
We had good times - Day and night
You was so cute - and I was blind

**You lied to me, I don't want to believe
You betrayed me, I don't want to see - reality
I have failed, I was the fool
A silent war, deep inside me eats me up**

**What you give, is what you get back
Who do you think you are, why do you drift away so far**

**What you seed, is what you earn
The day will come, when you must pay for your deeds**

I gave up - try to change you
Leave me alone - go your own way
I was not the first - you have used
And you don't care - how much that hurts

**You lied to me, I don't want to believe
You betrayed me, I don't want to see - reality
I have failed, I was the fool
A silent war, deep inside me eats me up**

**What you give, is what you get back
Who do you think you are, why do you drift away so far**

**What you seed, is what you earn
The day will come, when you must pay for your deeds**
